Greetings:

On behalf of the citizens of Colorado, I encourage you to take a little time to learn about our fine state and Colorado Family Medicine Residencies.

Colorado has nine Family Medicine residencies that collaborate through three organizations that provide ongoing benefits and opportunities to young physicians completing their medical training in Colorado's Family Medicine Residency programs.

No other state provides a better environment to promote the success of this type of program. Colorado's diverse and generous population offers a friendly and pleasant working community, while our great outdoors provide an unmatched environment for our citizens to enjoy when the work is done. With over three hundred days of sunshine per year, our climate is the envy of the nation. The Rocky Mountains offer endless opportunities for hiking, skiing and, relaxing, with beautiful accommodations across the state.

It is my hope that you will consider coming to Colorado and learn more about Colorado Family Medicine Residencies.

Sincerely,

A handwritten signature in blue ink that reads "John W. Hickenlooper".
